Floor Hockey

The following Special Olympics Canada (SOC) sports rules shall govern all SOC floor hockey competitions.

The Floor Hockey Rules have been broken into the following sections:

Section A – Playing Area

Section B – Teams

Section C – Equipment

Section D – Officials

Section E – Rules of Play

Section F – Infractions

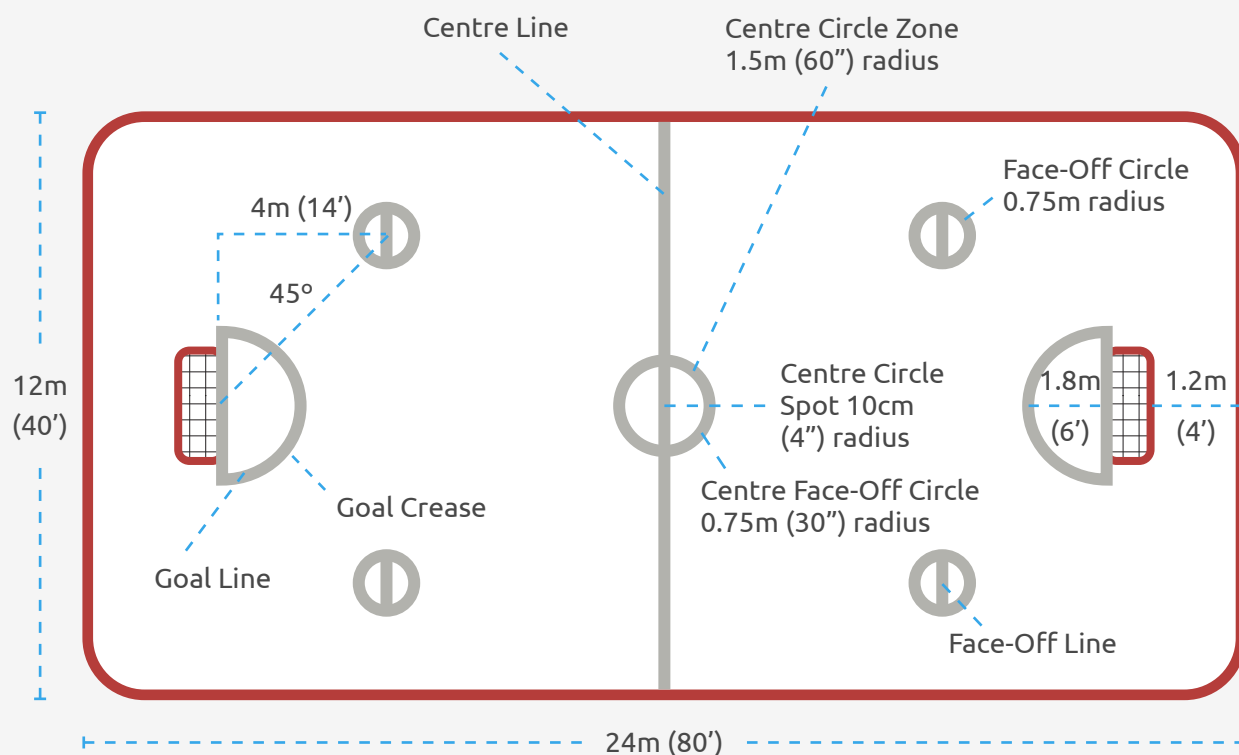

SECTION A - Playing Area

A.1 Playing Area Dimensions (as per rule 1)

The rules within this section pertain to the playing area and the floor markings.

- I. The playing surface shall be a maximum of 17m x 31.6m (56' x 103.7') and a minimum of 12m x 24m (40' x 80') on a level surface and properly marked for Floor Hockey. The standard size shall be 14.6m x 26.8m (48' x 88').

DIAGRAM 1

- II. The playing area may be defined by lines or boundary boards. Boundary boards must be constructed of quality sturdy material and 1.1m – 1.2m (42" – 48") in height. If boundary boards of this dimension are not available no boards less than these requirements shall be used. Appropriate marking tape may be used in place of boundary boards.
- III. The playing area will be free from any unguarded projections which a player could encounter in the normal course of play.

A.2 Division of Playing Surface

- I. A 5 cm (2 in.) wide line shall be marked and extend between the two front goal posts. This line shall be known as the “Goal Line”.
- II. A line parallel to the goal lines and midway between them shall be marked on the playing surface. This line shall divide the playing surface; hereafter referred to as “the floor”, into two equal areas, and be known as the “Centre Line”.

A.3 Goal Nets

- I. There shall be a set of goal nets placed at either end of the playing surface (see C-7 for dimensions).

A.4 Goal Crease

- I. In front of each goal, a “Goal Crease” area shall be marked.
- II. The goal crease shall extend 1 ft. from either side of the goal post and 1.82 m (6ft) from the centre goal line. These points shall be joined by a curved line to form the goal crease. See Diagram 1.

NOTE: These dimensions will not produce an exact semi-circle.

A.5 Centre Face-off Location

- I. The centre circle spot is a line 10cm (4 in) in length perpendicular to the centre line or a circular spot 10cm (4 in) in radius to be marked in the centre of the centre face-off circle Refer to Diagram 1).
- II. The centre face-off circle is a circle with a radius of 0.75m (30in.) and a line width of 5cm (2in.) to be marked outside the centre circle spot (Refer to Diagram 1).
- III. The centre circle zone is a circle with a radius of 1.5m (5 ft.) and a line 5cm (2 in.) in width to be marked outside the centre court face-off circle (Refer to Diagram 1).

A.6 Other Face-Off Locations

- I. The face-off circles shall be marked with a circular spot of 10cm (4 in.) in radius or a line of 10cm (4in.) in length in the centre of each circle. There are two face-off circles in each half of the playing surface, each circle located at a 45 degree angle from the centre of the goal line. The centre face-off spot of each face-off circle is determined by measuring a point of 4m (13 ft.) from that point toward the centre line. Each circle has a radius of 0.75m (30 in.) and a line drawn through the centre point of the face-off circle that is parallel to the centre line (Refer to Diagram 1).

A.7 Players' Benches

- I. A location will be designated for home and visitors teams to be known as players' benches.
- II. The Home Team shall have the choice of players' benches, and in addition, the Home Team shall have the choice of ends of the floor to start the game. Teams shall alternate ends of the floor to start each period. This may be waived if both teams are in agreement.

The backup goalkeeper may only enter the game in the event that the regular goalkeeper is injured, ill or ejected from the game. The injury or illness must be verified by the games medical personnel.

Coaches must declare who are their goalies and if they will dress only one or two goalies before the first divisioning game of the tournament/event. In divisioning, both goalies must play the same number of shifts. There must not be more than one shift difference between the goalie who has played the most and the one who has played the least.

If a team dresses two goalkeepers, each goalkeeper must play in every game or the coaches may choose to alternate goalies from game to game (ex. Goalie A in game 1, Goalie B in Game 2, Goalie A in game 3, etc.)

If the coach choose to play both goalies every game, the minimum number of shifts a goalkeeper must play during the game is equal to the number of shifts that the most used player (defense/forward) played that game.

 - c.** After a crease violation by an offensive player the face-off will occur in the offenders zone;
 - d.** After each goal at the centre floor face-off circle;
 - e.** After each minor or major penalty at the offending team's defensive end;
 - f.** When an unsafe condition exists due to a cracked or broken stick(s) in the vicinity of play or at any other time deemed appropriate by the referee. A face-off must take place at the nearest face-off circle to the position of the puck when play was stopped.
 - g.** In the case of a delay penalty call the resulting face-off shall be at the nearest face-off spot in the defensive zone of the team receiving the penalty.
 - h.** In a situation where both teams receive penalties, the face-off shall be at the nearest face-off spot to the actual stoppage in play.

E.3 Delay Call

- I. In the event a penalty is called against a player whose team does not have control of the puck the referee will indicate a delay penalty by raising his/her arm. The referee shall stop play once the offending team touches the puck. If the offensive team scores during this delay situation the penalty is recorded but not served and the goal is counted. The penalty is still part of the 3 penalty called rule.

The shift will not be counted for the player replacing the injured player. All players in a line must be used as replacement players before a player can be used for a second time. An injured player may return to his/her original line of play upon recovery. If an injured player is replaced the coach must adjust the line rotation accordingly to apply with rule E-7 (III).
- II. If a goalkeeper is injured, the Referee shall allow sufficient time to enable him/her to recuperate. A team which has two goalkeepers in uniform shall replace the injured goalkeeper immediately.

E.10 Goals and Assists
