

IT IS TIME FOR

RADICAL INCLUSION

INCLUSION THROUGH SPORT Through the power of our athletes and our sports, Special Olympics is ushering in a new world of unity, tolerance, and respect.

Unified Sports joins people with and without intellectual disabilities on the same team. It was inspired by a simple principle: training together and playing together is a quick path to friendship and understanding.

By standing side by side and playing together, you are sending a clear message for inclusion!

WE WANT YOU

TO RECRUIT PLAYERS

TO BE LEADERS OF INCLUSION
