Preamble

Special Olympics PEI is dedicated to enriching the lives of Islanders with an intellectual disability through sport. Since volunteers are important role models for our athletes, we must maintain high standards and values in recruiting, screening, educating, recognizing, and retaining volunteers.

The screening of volunteers is of primary importance in providing a safe environment for our athletes to train and to meet the best interest of Special Olympics PEI.

Special Olympics PEI does **NOT** tolerate or condone any discrimination; please refer to our Pan-Canadian Code of Conduct and Ethics Policy for more detail on this statement.

The following pages will give you a step by step guide to the elements of the SOPEI screening process for potential and returning volunteers.

Volunteer Screening Procedure Goals

The screening process helps ensure the protection of our athletes from poor role models and inappropriate activity by volunteers. It also serves to protect our organization from claims and lawsuits arising from inappropriate activity by volunteers.

While it is important to protect our organization, our overriding concern is that there be no inappropriate treatment of the athletes who join Special Olympics PEI. We prevent inappropriate treatment so far as possible by ensuring that:

- no one becomes a volunteer who might act in an inappropriate fashion
- each volunteer is aware of our Pan-Canadian Code of Conduct and Ethics Policy
- each volunteer of the organization regularly provides the organization with a Criminal Record Check
- any instances of abuse are identified, reported, and made the subject of corrective action, which may include, termination of a volunteer

Where to start in the Selection Process?

"Class A" volunteers are those who (i) are or may be in regular close physical contact with athletes, such as coaches, program volunteers, drivers, and overnight hosts, or (ii) have or may have administrative and/or fiscal authority, such as board/committee members.

"Class B" volunteers are those who volunteer for Special Olympics for a single day or a single event, and thus have the most limited contact with Special Olympics athletes. These may include but are not limited to Healthy Athletes, fundraising events, sport competition/camp events, and officials.

Class B volunteers may register on the same day of their participation (but before that participation begins), by providing their full name, complete address, telephone number, and if applicable, the name of the civic group or corporate sponsor with which they are associated as outlined in Element 1 and by using an event volunteer application form for their role.

Class A volunteers must provide all of the information requested by Class B volunteers as outlined in Element 1 by submitting a volunteer application form (or volunteer agreement form for returning volunteers) for their role.

Class A volunteers shall also, in addition to providing all of the information requested above:

- New Volunteer – progress through all 5 Elements of Screening
- Returning Volunteers – satisfied, inclusively, the Elements 1 to 4 of Screening

Elements of Screening

Screening is a continuous process consisting of:

1. Application form
2. Interview and Reference Checks
3. Conditional Offer to Potential Volunteer
4. Criminal Record Check and Vulnerable Sector Check
5. Volunteer Online Orientation

Declining Volunteer Applications

During the initial screening, an applicant can be refused at any point in the process. Make a conscious and unbiased decision at each stage of the process to decide if you want to go on to the next step.

Base your discussion for refusal on the role requirements and/or the findings in the screening. Do not go into a long explanation as to why you are refusing the applicant but ensure there is no discrimination. You are acting in the best interests of our athletes and Special Olympics PEI.

Saying “No” early in the process is easier than waiting for problems to escalate. Filling volunteer positions with unsuitable candidates may create a bigger problem down the road. Screening is a much easier process than having to consider corrective action or dismissal later on.

The Five Elements to SOPEI Volunteer Screening

1 - Application

Our initial contact should be welcoming and enthusiastic. We must be willing to consider every applicant interested in becoming a volunteer. We must also explain that we do have a screening process and that, while we attempt to place all potential volunteers, acceptance is not guaranteed. Outline the screening process briefly, answer initial questions, and initiate the steps outlined in the Selection Process.

All potential volunteers must complete the Volunteer Application Form while all returning volunteers must complete the Volunteer Agreement Form.

The following information will be given to the potential Class A volunteer roles in the organization. This ensures an informed decision on the part of the applicant.

New Members:

- Volunteer Application Form, including where to find:
 - Pan-Canadian Code of Conduct and Ethics Policy (full document provided upon request)
 - Criminal Offenses and Investigations Policy 2000-17 (full document provided upon request)
 - Volunteer Screening Guidelines 5000-15 (full document provided upon request)
- Criminal Record Check and Vulnerable Sector Check Request Letter
- Role Description or Discussion of the Role
- Volunteer Online Orientation Instructions

Returning Members:

- Volunteer Agreement Form, including where to find:
 - Pan-Canadian Code of Conduct and Ethics Policy (full document provided upon request)
 - Criminal Offenses and Investigations Policy 2000-17 (full document provided upon request)
 - Volunteer Screening Guidelines 5000-15 (full document provided upon request)
- Criminal Record Check and Vulnerable Sector Check Request Letter (if requested)

The following information will be given to the potential Class B volunteer roles in the organization. This ensures an informed decision on the part of the applicant.

- Volunteer/Event Application Form (New Members)
- Volunteer Agreement Form (Returning Members)
- Volunteer Online Orientation Instructions

Create a pending file and record/update the applicant's Volunteer Screening Status in the MRMS Database.

2 - Interview and Reference Checks

This is an important part of determining whether the potential volunteer is suitable though may not be requested if the individual or organization they represent is well known to staff. This will be determined by the Program Director.

If an interview is requested, record answers to the questions and inform the applicant that the information gathered is confidential.

The interview should be conducted as soon as possible following the receipt of the application form. Remember to explain the process before starting.

Applicants must permit follow up with the reference checks. Their signature on the Volunteer Application Form provides this.

3 - Conditional Offer to Potential Volunteer

A conditional offer is made when you are satisfied with Elements 1 and 2 and are awaiting the results of the Criminal Record Check and Vulnerable Sector Check.

(Within this conditional offer, a two-month probationary period will be introduced and close supervision will be initiated. It is preferred that the potential volunteer will be partnered with a current volunteer for the duration of his/her probationary period. At this time, the potential volunteer will have to submit all of the requested screening elements satisfactorily and has submitted his/her Criminal Record Check and Vulnerable Sector Check.)

The effective date is the day the volunteer starts with the organization conditionally. This will become his/her join date and the date from which years of service are calculated.

4 - Criminal Record Check and Vulnerable Sector Check

Criminal Record and Vulnerable Sector Checks are conducted for any Class A Volunteer wishing to volunteer with Special Olympics PEI for the following reasons:

- Special Olympics PEI owes a duty of care to our athletes, volunteers, our staff, and our organization. The Criminal Record Check and Vulnerable Sector Check is one way by which Special Olympics PEI demonstrates that we accept and support our duty.

Police procedures vary. However, the standard process is that Criminal Records and Vulnerable Sector Checks are done by the police force responsible for the potential volunteer's home addresses - not the location of the program in which he or she wishes to volunteer for.

The Special Olympics PEI office will supply the potential volunteer with a letter so that he or she will not incur the cost of the Criminal Record and Vulnerable Sector Check.

Subsequent Criminal Record Checks

Special Olympics PEI has established three (3) years as the interval in which a new Criminal Record Check and Vulnerable Sector Check will be requested for volunteers who have served for three (3) years or more with SOPEI.

Volunteers with fewer than three (3) years of service, or who have had more than a twelve (12) month absence in volunteering, shall present a new Criminal Record Check and Vulnerable Sector Check in the first fiscal year, and a Criminal Record Check only each consecutive year until they surpass three (3) years of service.

SOPEI members must disclose, without exceptions and within 48 hours of the offense, any know probable changes to their Criminal or Vulnerable Sector records.

Special Olympics PEI reserves the right to request that a member provide a Criminal Record Check and/or Vulnerable Sector Check at any time.

5 - Volunteer Online Orientation

When an individual becomes a volunteer of Special Olympics PEI, completion of the SOPEI Online Orientation is requested with three (3) months of the conditional offer in Element 4. Through the orientation modules, the volunteer will be introduced to all aspects of Special Olympics on a Provincial and National level. If the volunteer does not have access to the online orientation, the Program Director will ensure they receive an adequate orientation.
