Policy Intent

Special Olympics Prince Edward Island (SOPEI) has the responsibility to organize, develop and select athletes and teams to represent SOPEI at Local, Provincial, and National Games. This policy further describes SOPEI's procedures governing the selection of athletes representing PEI using the Pan-Canadian Athlete Identification for Competition Selection Policy.

Application of this Policy

This Policy applies to all SOPEI athletes seeking selection for advancement to various levels of competition representing a SOPEI Team and those athletes selected to a SOPEI Team.

Team Size

Team size will be dictated by the host province or organizing committee of the Special Olympics (SO) sanctioned event. Quotas (max roster sizes) are provided to SOPEI by the SO sanctioned event organizers. When this is not the case, an adhoc selection committee will have the discretion to name a larger team that will include a greater number of athletes, or to name a smaller team due to resource constraints.

Team PEI Roster Announcement for National Games

SOPEI will announce athlete and team selections for National Games by posting the Official Team list and by contacting selected athletes directly via letter. No athlete, coach, volunteer, parent or Special Olympics PEI staff will presume or announce that an athlete, team or coach has been selected to Team PEI until an "OFFICIAL ANNOUNCEMENT" is made.

Athlete Criteria for advancing to various levels of Competitions/Camps

The following further outlines the criteria for athletes to attend various levels of competition. In SOPEI, this includes all athletes, from all ability levels who have identified a desire for competitive opportunities and are actively training within the timeframe(s) described. Athlete's performance at the sanctioned qualifying event will be used for the selection process to higher levels of completion by applying the Pan-Canadian Identification for Competition Selection Policy.

Selection Process

SOPEI will use the following Pan-Canadian Policies during the Eligibility, Identification, Endorsement, and final Selection processes:

- Pan-Canadian Eligibility for Participation Policy;
- Pan-Canadian Eligibility for Participants with Down Syndrome Policy;
- Pan-Canadian Athlete Identification for Competition Selection Policy; and
- Pan-Canadian Endorsement and Endorsement Reconsideration Policy

Selection Process for Basketball, Curling, Floor Hockey, Soccer, or Softball

If there is a minimum of four (4) competitive teams who are registered to compete at a SOPEI sanctioned qualifying event in the sports of Basketball, Curling, Floor Hockey, Soccer or Softball; SOPEI will use the following Pan-Canadian Policies during the Eligibility, Identification, Endorsement, and final Selection processes:

- Pan-Canadian Eligibility for Participation Policy;
- Pan-Canadian Eligibility for Participants with Down Syndrome Policy;
- Pan-Canadian Athlete Identification for Competition Selection Policy; and
- Pan-Canadian Endorsement and Endorsement Reconsideration Policy

If there are not a minimum of four (4) competitive teams who are registered to compete at a SOPEI sanctioned qualifying event in the sports of Basketball, Curling, Floor Hockey, Soccer or Softball; SOPEI will use the following method to select the team(s) to represent the chapter:

1. Athletes who have met the eligibility requirements in the Pan-Canadian Eligibility for Participation Policy and selected the competitive sport, intending to qualify for advancement to higher levels of competition, will be notified of a date for a chapter skills competition.
2. All athletes who attend the chapter skills competition will be provided the same opportunity to complete the same pre-identified individual skills for their sport.
3. In addition to the individual skills, all coaches of the competitive programs for the sport will be provided the opportunity to score each athlete for the same pre-identified intangibles skills, each scored in a 5 point scale. Scores submitted by each coach for each individual athlete is totaled and divided by the number of coaches who submitted a score. This becomes the athlete's average intangible skills score.
4. Scores for the individual skills and average intangible skills are totaled and athletes are listed from highest to lowest total score. Athletes will be identified for the endorsement process by an adhoc selection committee based on majority ability level present.
5. Once an eligible athlete has been identified to attend an SO sanctioned event, the athlete must still be endorsed to attend (see the Pan-Canadian Endorsement and Endorsement Reconsideration Policy). If an athlete is endorsed, the selection process is complete. If quota permits, additional teams will also be selected using the same method.
