The News-Optimist

Fourteen service stations in the Battlefords raised more than \$860 for the Special Olympics.

The stations contributed one cent from each litre of gas sold on May 21 in a promotion by the Law Enforcement Torch Run

Committee. The participating service stations were Battlefords Husky, Dewan's Petrocan and Old Towne Service in Battleford; North End Mohawk, Railway Mohawk, Star Centre Esso, Energas Esso, Minute Muffler Esso, Battlefords

Esso, 7-11 Esso, The Turbo, Fas Gas, Circle K Shell and Squire Shell, all in North Battleford. "Businesses such as these are a great asset to our community," said Constable B. J. Landry, of the Torch Run organizational committee for the Battlefords area,

The actual torch run goes June 14 and will leave the Battleford town hall at 8 a.m., bound for Lloydminster. Donations are still being taken for the torch run. Just talk to your friendly neighborhood policeman or conservation officer.
