## INTRODUCTION

This resource is intended to be used in conjunction with [Special Olympics Alberta's Competition Hosting Guide](#). It will focus on considerations specific to Bowling.

In its Long-Term Athlete Development model, it is identified that Special Olympics must ensure that all athletes of all abilities are challenged to be the best that they can be using a fair and meaningful system of competition.

Competition is an important part of the sport experience for all athletes. LTAD recognizes this and the importance of a competition schedule that reflects the needs and interests of athletes in different sports and stages. Generally, in the Active Start and FUNdamentals stages, participants are neither training nor competing formally, but are focusing on establishing basic skills and having fun. As athletes move to subsequent stages, training and competition become more formalized and there is a need to balance the ratio of training to competition; that is, number and level of competition.

The meaning of competition will vary by age, sport, and LTAD stage. It may serve different purposes for some athletes, especially those in FUNdamentals and Learning to Train where fun, fitness, basic sport skills, experience, and participation are the main goals of recreational competition. For others, such as those in Training to Compete and Training to Win, optimizing potential and achieving world-class standards may be the aim.

Special Olympics Alberta's athletes reside across the province. Some reside in rural communities, others in urban centres. Alberta's athletes range from Active Start to Training to Win, which means that there is diversity in the need for competitions.

Nearly every community in Alberta has the capacity to host a 10 Pin Bowling tournament for Special Olympics. The **TYPE** and **LEVEL** of competition that can be hosted will vary across communities, but **EVERY** competition can be meaningful. As cited in the Long-Term Athlete Development model,

*"Without competition, Special Olympics would lose the essence of what separates 'participation' from skill acquisition and success. While involvement in sport may be praiseworthy, competition pushes our athletes towards achieving bigger goals and greater confidence."*

*- Glenn MacDonell, President & CEO, Special Olympics Ontario*

## IDENTIFYING THE TYPE OF COMPETITION TO HOST

Special Olympics Alberta oversees the sanctioning of the following types of competitions:

Invitationals:	Competitions organized by Affiliates where the Affiliate is responsible for extending invitations directly to those it wishes to invite.
Opens:	Competitions organized by Affiliates where the competition is open to athletes from any Affiliate.
Provincial Qualifiers:	Competitions that serve to qualify athletes to compete at the Special Olympics Alberta Summer or Winter Games.
Unified:	Unified Sport brings together people with and without intellectual disabilities on the same team.

### Consider... **What** levels of athlete do you want to participate in the event?

- Is the intention to invite Affiliates in close proximity for a morning, afternoon or evening event? If so, consider hosting an Invitational.
- Do you hope to have participation from different parts of the province? If so, consider hosting an Open.
- Are you hosting a competition for the purpose of qualifying athletes to participate in the next Provincial Games and are prepared to host all events in accordance with the Official Special Olympics Canada Rules for Bowling? If so, consider hosting a Provincial Qualifier.
- Are there fewer athletes in your area to participate or do you want to foster understanding of Special Olympics competition? Consider a [Unified Sports](#) competition!

### Consider... **Where** will you be hosting your event?

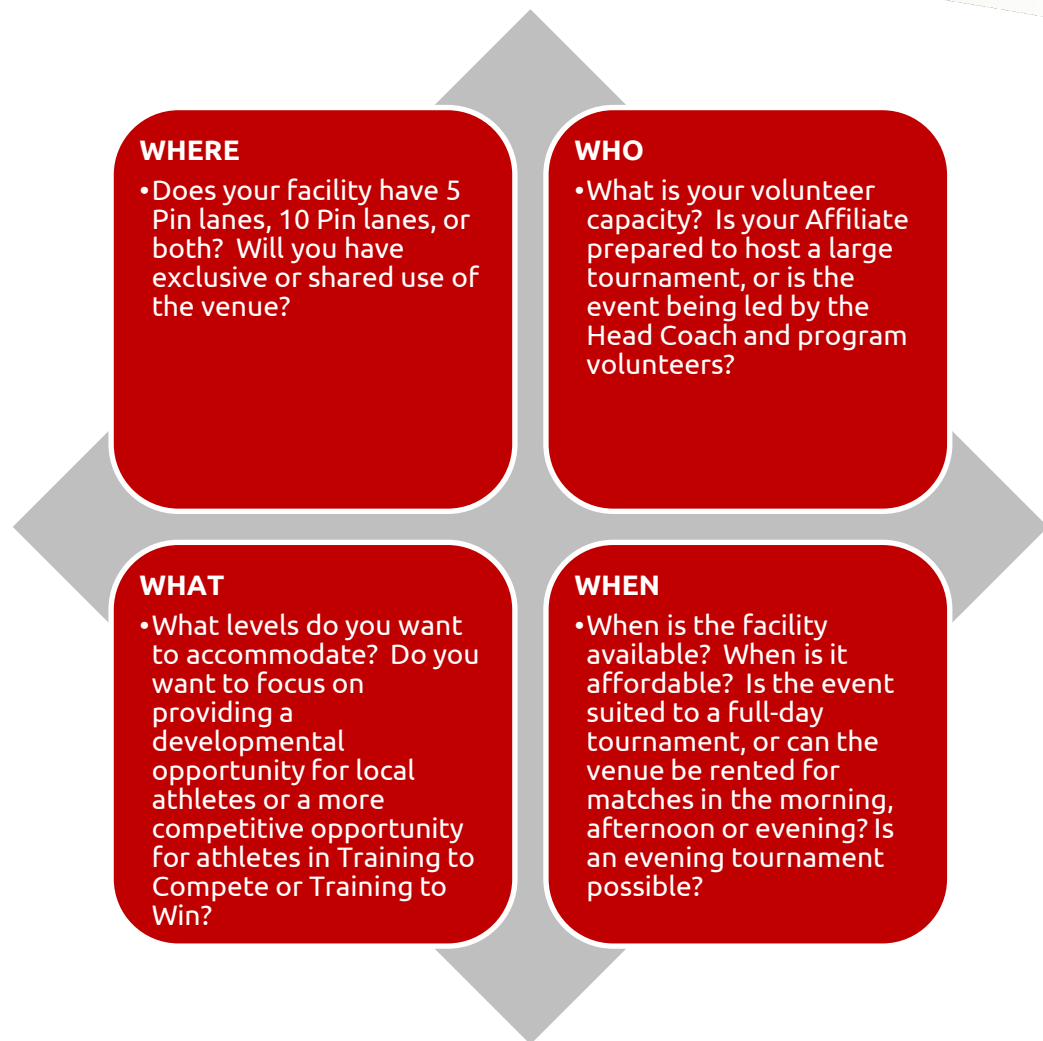

- Does your venue event the requirements in the Official Sport Rules for Bowling, or will modifications to the rules be needed to accommodate the facility?
- Will indoor or outdoor spaces be used?

### Consider... **Who** are your volunteers and what is your volunteer capacity?

- Do you have the human capacity to operation a Bowling tournament open to any athlete?
- Do you have enough volunteers for a limited tournament inviting a few close Affiliates?
- Would an evening event be possible to organize by a coach and volunteers?

### Consider... **When** are you able to organize a tournament?

- Can your volunteers organize a 2-hour friendly event with a limited number of athletes?
- Do your volunteers have the time to organize a full-day tournament?
- When is it most affordable to host?
- When are volunteers most likely to be available?

Customize the event you are hosting to the limitations of your venue and volunteer capacity, and consider targeting specific events levels of development in the hosting of events.

## OFFICIAL EVENTS

- Singles (one player)
- Doubles (two players)
- Team Competition (four players)
- All event

Affiliates may choose to only offer only some events. Only Provincial Qualifiers are required to offer all events.

## RULES

[Special Olympics Canada Official Sport Rules](#) must be followed for all Provincial Qualifiers, but may be adapted for other types of competition provided that safety is maintained.

## REGISTRATION

Special Olympics Alberta has produced competition invitation and intent to participate forms, electronic registration forms and other resources for competition hosts, which can be accessed [here](#).

[Registration forms for 10 Pin Bowling](#) are available for download, customization and circulation. Please note that these forms are not intended to be printed, but rather used as a means of collecting information electronically and avoiding manual entry of registration information. None of the fields are locked or restricted, enabling the event organizer to modify the form as needed to align with the intentions of their competition.

## DIVISIONING PROCESS

When determining divisions for Invitational or Opentournaments, the following steps are used:

1. Sort athletes from Lowest Average to Highest Average.
2. Ensure a minimum of 3, maximum of 8 athletes per division. For Invitational or Open Tournaments the recommendation is 6 athletes per division.
3. Athletes with the same average need to be kept in the same division.
4. Wherever possible, there shouldn't be more than a 25% differential between averages in the same division.

When determining divisions for a Provincial Qualifier, the following steps are used:

1. Separate athletes by gender.
2. Sort athletes in each gender from lowest average to highest average.
3. Ensure you have a minimum of 3, maximum of 8 athletes per division (Start with the highest average and work towards the lowest average). For a Provincial Qualifier, you want as many divisions of 8 as possible.
4. Athletes with the same average need to be kept in the same division.
5. Whenever possible, there shouldn't be more than a 25% differential between averages in the same division. For the lowest division, this may not be achievable. There needs to be a minimum of 3 athletes in a division and this could exceed 25%.

## VENUE

The Bowling venue should be designed to keep non-competing athletes out of competitive areas. Experience has shown that keeping the field of play free of spectators and non-competing athletes will greatly aid the progress of the competition.

## EQUIPMENT CHECKLIST

The equipment needed will vary according to the events being held within the competition. The following list suggests equipment to consider having onsite:

- Computer and printer (if required for Provincial Qualifiers to print post-divisioningschedules)
- Printer paper
- Ribbons
- Bowling balls (provided by centre)
- Bowling shoes (provided by centre)
- Scoresheets (one per division)
- Calculators (1 per lane)
- Towels (1 per lane)
- Water Station
- PA System (Generally within venue)
