Brenda Galbraith made the front page of *The Broadview Express* last week. Galbraith, 25, won two bronze medals in swimming at the Provincial Special Olympic Games in Weyburn June 16 to 18.

Even though she hasn't competed in two years, Galbraith competed in four events. She finished third in the 25 metre freestyle swim and her team won third in the 200 metre relay. A third bronze medal was nearly won when the athlete finished fourth in one event.

"I love swimming," says Galbraith who has Downe Syndrome. "My mom wanted me to dive in," she says, adding she has to practice diving so she'll be faster next time.

The zone one team member has won medals before, but hadn't been swimming for the last couple of years. Galbraith lives and works in Kipling during the week at Kipling Industries and visits her family on weekends.

"It's a really fun weekend to them all," says her mom, Bev Galbraith. Her advice to other special athletes is to not hold back. "Just do it," she says. "Go for it."
