

What's up in Zone 1

B 6317

The Saskatchewan Winter Games to be held in Kindersley February 13-19, 1994 are just eight short months away. The Zone 1 Sports Council is already eagerly preparing for this year's Games. Our goals for this year's Games include: to send a complete contingent of participants, coaches and managers to the Games; to improve our final standing from the previous Winter Games held in Melville; to win the Joe Griffiths Award as the most improved zone. (The comparison is based on a winter to winter and summer to summer basis. The trophy's name honours an outstanding contribution to amateur sport in Saskatchewan). Our final goal is to provide the Zone 1 team with the best week they could possibly have.

The week of the Winter Games (February 13-19, 1994) divides the sport calendar in half. Gymnastics, Ringette, Figure Skating, Men's Volleyball, Wrestling, Cross Country Skiing (Special "O" Events included), and Men's Curling will be held in the first half of the week, February 13-16, 1994. Badminton, Bowling (Special "O" Events included), Women's Curling, Hockey, Karate, Speedskating (Special "O" Events included), Women's Volleyball, and Alpine Skiing will be held in the second half of the week, February 16-19, 1994.

To participate at the Games playoffs, which will be held in the fall (September-December), athletes must be a resident of Zone 1. If a team has members from

two or more Saskatchewan Games zones and is registered in a recognized league, it shall compete in the zone where the majority of their players reside. Athletes residing at an address outside of Saskatchewan are eligible to compete at the Game if they meet several conditions. Please contact the Zone 1 sports Council Office (429-2205) if you fit into this category or have questions about your eligibility.

A full contingent of Zone 1 athletes totals 221. Therefore, if all eight zones of Saskatchewan have full representation at the Saskatchewan Winter Games, 1,768 athletes will be participating in this event.

One more reminder to all coaches! To participate in the Saskatchewan Winter Games and the playoffs leading up to the Games, all coaches must be N.C.C.P. (National Coaching Certification Program) certified — at least Level I. This means each coach must have his/her Level I Technical & Practical in their specific Games sport, along with their Level I Theory. Our next Zone 1 Level I theory will be held in Moosomin, July 10 and July 17, 9:00-5:00 both days. Contact the Zone 1 Office at 429-2205 to register, or for more information. The Zone 1 Sports Council is in the process of finalizing our fall N.C.C.P. Theory Clinic Schedule (September-December). This information will be supplied in future "What's Up In Zone 1" columns, or call the Zone 1 Sports Council at 429-2205.
