

Healthy @ Home Offline Package

Hi there Special Olympics athlete!

We hope you are staying safe, healthy and positive!

We know it has been tough not going to Special Olympics practices and seeing your teammates and coaches.

It is important to talk to people during this time, such as your coach and other teammates. One way you can do this is using the phone to call them.

It is also important to stay healthy and active. In this package, there are activities and worksheets that you can do at home.

This will help you stay healthy and active.

Please dial the Healthy @ Home hotline if you have questions: **1 888 333 5515 ext 300**.

If you call, make sure to leave your **name and number**. Someone will then call you back.

We are here to support you.

-The Special Olympics Healthy @ Home Team

Tips to help you Stay Positive

DURING COVID-19

STAY ACTIVE

Exercise, clean, dance, walk or stretch – move your body for at least 30 minutes every day.

STAY CONNECTED

Text, call or video chat with friends, teammates, coaches and family.

STAY INFORMED

You may be seeing a lot of confusing information - ask questions if you aren't sure what to do.

HAVE FUN

Do something you love or try something new like: jump rope, cooking, drawing or gardening.

FOCUS ON GOOD THINGS

Take time to think about things that make you happy. If you feel sad or scared let someone know.

LIMIT SCREEN TIME

Only check the news once in a while. Spend most of your screen time on education and staying connected with others.

OPEN WINDOWS

Sunlight and fresh air can improve your mood even when we aren't outside.

SLEEP WELL

Try to go to bed and wake up at the same time every day. Get 8 hours of sleep.
