

## How to take the NCCP Make Ethical Decisions workshop

This course can be taken in class or via home study. Occasionally it is offered as a webinar.

Here is a link where you can find upcoming courses:

<http://www.viasport.ca/coaching/nccp-course-calendar>

Scroll down the page where you will find a place called FILTERS – select Make Ethical Decisions to find locations of future courses. (Summer is usually lacking in courses offered)

After completing the Make Ethical Decisions Workshop the last piece you need to complete is the online ethics evaluation. This will be free to you as you have either taken the in class or home study and already paid.

To take the online ethics evaluation, access your coaching transcript at <https://thelocker.coach.ca/Account/Login?ReturnUrl=%2f> with your NCCP# and password and click on the e-learning tab. It will then give you the option to take the Make Ethical Decisions Online Evaluation – **Competition** version → Train to Compete
