May 28 and June 2 are days when students are expected to attend school to participate in Track and Field or help out. Students who for medical reasons are unable to participate are often given jobs that they can handle (running in record sheets, helping rake pits, measuring, etc.) If your student cannot participate because of medical reasons please phone Mrs. Holowaychuk so that alternate arrangements can be made. We need to continue to impress upon our students that we all need to work together to make things run smoothly and efficiently. Thanks in advance for your support and cooperation.

Thankyou to the parents who have volunteered to help with both the LES Track Meet and the Division Meet. We still need help with the booth so if you love burgers and can help us out, please call!
