DIVISIONING

Due to the facility and time restrictions often faced at a Regional Qualifier the following divisioning procedure is suggested.

1. Local Coaches classify athlete(s) at the time of registration into one (1) of the following three (3) categories:
 - Novice, Intermediate or Advanced
2. Each category should then be further divided into divisions based on gender.
3. Athletes are asked to ski their first run of the Slalom, which is to be counted as one (1) of the two (2) timed runs,
4. While athletes are skiing the second of the two (2) timed Slalom runs the Chief of Race in conjunction with a SOBC Staff Representative, (if in attendance) and the Race Secretary will further division athletes based on ability determined by the results of the first timed Slalom run.
 - In certain circumstances athletes may be re-classified between the Novice, Intermediate and Advanced Categories. This decision is to be left up to the discretion of the Divisioning Committee.
5. Following the second timed Slalom run a coaches meeting should be held in which coaches are to be provided the results from the first timed Slalom run and the final divisions in which their athletes have been placed. At this time coaches are to be given the opportunity to provide their input into the breakdown of divisions.
6. Immediately following the conclusion of the coaches meeting, coaches are to be handed the results from both the first and second timed Slalom runs including the final placings.
7. Divisions are assigned for the remainder of the events based on the divisions of the Slalom event.
