About Special Olympics

Special Olympics is an international organization that provides sports training and competitive opportunities for persons with intellectual disabilities. The organization is recognized by Sport Canada as the main provider of these services to people whose primary diagnosis is an intellectual disability, although some participants also have physical challenges.

The Birth of Special Olympics in Canada

In the early 1960s, children with intellectual disabilities were tested for physical fitness levels with the results revealing that these individuals were half as physically fit as their non-disabled peers. It was assumed that the low fitness levels were a direct result of their disability. However, troubled by this assumption, a Toronto researcher — Dr. Frank Hayden — began to conduct his own research on the subject and discovered that given the opportunity, people with an intellectual disability could become physically fit, and acquire the physical skills necessary to participate in sport. Inspired by his discoveries and seeing the need for new kinds of sport opportunities, Dr. Hayden sought ways to develop a national sports program designed specifically for people with an intellectual disability. His work came to the attention of Eunice Kennedy Shriver and the Kennedy Foundation in Washington, D.C. which led to the creation of Special Olympics.

The first sports competition organized under the Special Olympics banner was held at Soldier Field in Chicago in 1968. To ensure that Canada was well represented at the competition, Dr. Hayden called on renowned broadcaster, successful businessman, and humanitarian Harry "Red" Foster. Upon returning to Canada, after accompanying a Canadian floor hockey team to these first Games, Red set about laying the foundation for the Special Olympics movement in Canada as a way to enhance the lives of Canadians with an intellectual disability.

Today, over 31,000 athletes with intellectual disabilities participate in Special Olympics programs across the country. Around the world, Special Olympics has grown to involve more than 5.7 million athletes in 200 countries and jurisdictions.

Special Olympics British Columbia

Since 1980, Special Olympics British Columbia, a registered charitable organization, has provided high-quality year-round sport programs and competitions for athletes with intellectual disabilities, enriching their lives and opening hearts and minds to their abilities. Today, over 5,200 athletes participate in Special Olympics BC sports programs in 55 communities across British Columbia.

Special Olympics BC offers year-round programs in 18 sports, as well as local, provincial, national, and international competitive opportunities. These opportunities provide athletes with far more than the physical benefits of improved health and athletic ability. Participation in sports provides opportunities for athletes to develop social skills, cultivate friendships, strive for, and achieve goals and increase their self-esteem — enabling athletes to win in sport, and in life.

Provincial Staff & Leadership Council

Community Development Coordinator (CDC)

The Community Development Coordinator is a Provincial Staff member of Special Olympics BC. Each region in the province has a Community Development Coordinator dedicated to them. They uphold and enforce the policies of Special Olympics BC and they work to facilitate growth in each region through alignment of the strategic plan as adopted by the Board of Directors.

The Community Development Coordinator provides support to Locals through regular in person visits and is available to answer questions and assist volunteers on an as-needed basis either through their Local visits or by phone/email.

Leadership Council

Special Olympics BC's Leadership Council provides vital guidance for our organization and movement, and SOBC benefits significantly from the efforts of these valued volunteers. Comprised of the Regional Coordinators representing the eight SOBC Regions and respected leaders in the SOBC sport world, the council serves as the link between community and regional programs and the Board of Directors of Special Olympics BC. This group plays an important role in helping chart the course of SOBC sport program development, strategic plans, policies, and resources.

The Leadership Council plays an essential role in creating Special Olympics BC policies. Policies can be created through issues brought forward by members from the local level speaking to their Regional Coordinators. Regional Coordinators bring the concepts to the Leadership Council for deliberations. Out of those discussions, the Leadership Council can recommend the creation of policies, which must be approved by the Board of Directors.

Regional Coordinator

Regional Coordinators are dedicated volunteers who have been elected by the region to represent them at the Leadership Council. It is through the Leadership Council that they provide feedback and input from their regional members to the Board of Directors of Special Olympics BC.

Regional Coordinators provide support to the region by connecting with Locals on a regular basis and hosting regional meetings. They are an invaluable resource to the volunteers within the region and are a great source of leadership – acting as mentors for Local Coordinators and other Local Committee members.

Information on the Leadership Council and contact information for Regional Coordinators can be found at [Leadership Council](#)

Volunteer Role Types and Responsibilities

There are two categories of volunteers within each Special Olympics BC Local: Administrative and Program.

Detailed job descriptions of both administrative and program roles can be found at **Volunteer Roles – Job Descriptions** under Admin in [SOBC Resources](#).

Administrative Volunteers

Administrative volunteers are generally part of the Local Committee. The Local Committee works behind the scenes to ensure that programs can run successfully and safely in each local. Each committee member has a designated role with assigned tasks and responsibilities. These responsibilities vary by position, and not every local will have all the positions filled. Some smaller locals may choose to omit and/or amalgamate some positions, whereas larger locals may further divide positions or create sub-committees. However, it is important to have some key positions filled for the local to run effectively.

Key Administrative positions to have filled are the Local Coordinator, Treasurer, Secretary, Volunteer Coordinator, and Program Coordinator. These positions support with a lot of the groundwork to get programs up and running in locals across the province.

Program Volunteers

Coaching and program volunteers provide support to Special Olympics BC sport programs and competitions. The main responsibilities of **coach volunteers** are to provide sport specific instruction at weekly programs and encourage athletes to grow and develop their skills. The specific responsibilities for coaching volunteers depend on their role as a coach. Coaches are also role models, teachers, mentors, and friends to athletes and fellow volunteers. Coach volunteers have [certification requirements](#). Programs are also supported **by program volunteers** who support key functions required to facilitate quality sport programs including timers, score keeping, team managers etc.
