

ALPINE & CROSS COUNTRY SKIING PROTOCOL

General	Practice proper hygiene – wash hands before and after practice, do not touch your face, and avoid touching frequently touched surfaces when at practice.
General	All members of the group must practice physical distancing – 2 metres between their gear, themselves, etc. both on and off the snow.
General	All participants must have mouth coverings (masks, balaclava, buff, etc.) and thermal gloves at practice. These must be worn in instances where 2 metres of physical distance cannot be maintained, such as on busy trails, or using a chairlift or gondola.
General	Come ready to begin practice right away – i.e. wear your snow gear, bring a pre-filled water bottle, etc. If warming shelters are open for use, limit to only necessary uses. Do not loiter in the warming hut or parking lots before/after practice.
General	In early stages of the return, skiers must be able to safely participate in snow activities without physical support, and only athletes who can ski independently will participate (i.e. no learn-to-ski programs).
Local Expectation	<p>Maximum number of athletes per program in Pilot Level: 12</p> <p>Maximum number of athletes per program in Level 1: 15</p> <p>Athlete to coach ratio: 3:1 (Note: All programs must have minimum 2 coaches, or minimum one coach and one Program Safety Volunteer, to meet Safe Sport Rule of Two standards)</p>
Coach	Inquire about venue protocols prior to practice and be familiar with procedures. Ensure athletes are aware of these protocols and everyone follows them.
Coach	Arrange for an outdoor meeting spot for program start time.
Coach	Stagger starts to avoid athletes passing one another.
Equipment	No sharing of equipment. For any personal belongings, please follow the mountain protocol and procedures.
Equipment	If rentals are required, please follow facility protocols. Pre-arrange rentals if possible.
Athlete	Athletes must arrive no earlier than 10 minutes before the start of practice.
Athlete	Athletes are expected to put their own gear on and/or have a parent/caregiver/designated support help them. This will need to be done prior to the program start time.
