

1 GENERAL

Special Olympics Prince Edward Island (SOPEI/Special Olympics PEI) is incorporated as a not-for-profit, charitable organization and accordingly is exempt from income taxes. The fiscal year end of SOPEI is July 31.

The Special Olympics Prince Edward Island uses the medium of sport to assist persons with an intellectual disability to become all that they can be - physically, mentally, socially, emotionally - and to become accepted, respected, and productive members of society. Our goal is to provide sport opportunity to every individual with an intellectual disability across Prince Edward Island. We do not exclude any potential athlete because of financial constraint.

The Board of Directors of Special Olympics PEI ("SOPEI Board") feel an extreme sense of responsibility to ensure monies entrusted to our organization are both managed properly and expended appropriately.

Special Olympics PEI depends largely on the financial support of individuals, corporations, government entities. This support is given based on a belief that the funds are needed and therefore will not be spent foolishly or wasted. We must ensure that this trust is upheld.

Therefore, the following principles guide the SOPEI Board decision making:

- SOPEI's financial affairs will be conducted in a responsible manner, consistent with the ethical obligations of stewardship and all applicable law.
- All donations will be used to support SOPEI's objects, as registered with CRA.
- All restricted or designated donations will be used for the purposes for which they were given unless SOPEI has obtained legal authorization to use them for other purposes. Alternative uses will be discussed where possible with the donor or the donor's legal designate. If the donor is deceased or legally incompetent and SOPEI is unable to contact a legal designate, the donation will be used in a manner that is as consistent as possible with the donor's original intent. If necessary, the SOPEI will apply to the courts or the appropriate regulatory body to obtain legal authorization to use the donation for other purposes.
- Annual financial reports are necessary to achieve transparency and accountability to donors and the public. All charities issuing receipts should produce them and make them easily accessible

As our organization grows, so does the need for increased funding. The responsibility and risk associated with monitoring these funds also increases with this growth.

To protect the integrity of the Special Olympics PEI and those individuals responsible for its financial management, the following investment Policy has been developed.

This policy is intended to outline the procedures and Policy to effectively manage and monitor these investment assets. The assets will be managed in accordance with all applicable legal requirements.

1.1 PURPOSE OF INVESTMENT POLICY

2.2 THE INVESTMENT COMMITTEE

The primary role of the Investment Committee is to assist the Board of Directors in developing and maintaining the Investment Policy annually and propose recommended changes required, for approval by the Board of Directors.

The Investment Committee functions best when they have a trusted working relationship with the Executive Director.

The Committee is expected to:

- provide the Board with semi-annual reports of portfolio holdings and transactions generated on December 31 and June 30
- recommend securities within the asset classes assigned to them, subject to applicable legislation and the constraints set out by the Board
- hold annual meetings with the investment firm at least once per year to review performance and to discuss proposed investment strategies

4.4 Alternative Assets

Alternative investment solutions have the potential to enhance fixed income returns, reduce equity risk, reduce portfolio volatility, and improve portfolio efficiency. The associated risks, fees and expenses are detailed in the Offering Memorandum which is to be provided by the Committee for each alternative investment purchased in the Portfolio.

5 FUND WITHDRAWALS

Cash flow activity will be reported by the Executive Director to the Investment Committee and Board of Directors on a quarterly basis. This information will enable the Investment Committee to prepare a notice to the Board of Directors of any anticipated significant change in expected investment income. Any change of expectation should be documented and included in Board minutes.

The Investment Committee and the Board of Directors should be advised by the Executive Director if an unscheduled fund withdrawal is required from the endowment fund (the portion of the fund under board discretion, not the 10-year gifts.)

The Board of Directors is required to pass a motion allowing the funds to be withdrawn. Any such unanticipated withdrawal will potentially change the investment income expectation and becomes relevant in reviewing the expectations and outcomes of the Investment Committee's performance. Any change of expectation should be documented and included in Board minutes.
