Topic:	<u>Special Olympics Newfoundland & Labrador Volunteer Screening Policy-Special Event Volunteers</u>	
Policy Type:	Provincial	
Effective:	November 2005	Page 1/1

Policy:

Special Event Volunteers are those who volunteer for a weekend competition or single events and where they have limited involvement with athletes or in fiscal affairs.

The organizing committee for a special event will register all volunteers and provide them with an orientation to Special Olympics and their job expectations during the special event.

The basic understanding is that athletes will be monitored by year round volunteers (i.e. coaches, management committee members) at competitions and other special events.

Not all single event volunteers will require police checks. This will be dependent on the scope of their responsibility and their access to athletes. Determination will be made by the event organizers in conjunction with SONL.
