

# Bronze 463-17 medal winner

Allen Gilbertson of Naicam won a bronze medal in cross-country skiing at the 1993 Saskatchewan Special Olympics Winter Games held Saturday, Feb. 13 in Melfort.

Just over 100 Special Olympic athletes and approximately 45 coaches and managers from seven zones across the province turned out to compete in cross-country skiing, snowshoeing, alpine skiing, speed skating, and figure skating.

A corps of volunteers from Melfort and from across the province worked together at the winter games.

The weatherman co-operated and the games went smoothly throughout the day, a release said.
